

COMMUNITY

IT Community è la proposta GSI per l'ambiente bagno pubblico e collettivo. La collezione prevede una linea di prodotti per un'utenza con mobilità ridotta. Completano la collezione bidet e wc ad installazione a sospensione con sistema di scarico Swirlflush® e due modelli di orinatoio. I prodotti sono rifiniti con Extraglaze Antibacterial, lo smalto arricchito con ioni di Argento e Titanio che riduce la carica batterica del 99,99%.

EN Community is GSI Ceramica's proposal for public or collective bathroom environments. The collection features a line of products designed for people with reduced mobility and is completed by a bidet and a wall mounted Wc with the Swirlflush® flushing system and two models of urinals. The products are covered with Extraglaze Antibacterial glaze, a special finishing with silver and titanium ions that reduces bacteria counts by 99.99%.

DE Mit Community stellt GSI ein Angebot für Baderäume von Gewerbe-und Büroflächen vor. Teil der Kollektion ist eine Produktlinie für Benutzer mit eingeschränkter Mobilität. Wandhängende Bidets und WCs mit Swirlflush®-Spülsystem sowie unterschiedliche Urinal-Modelle runden die Kollektion ab. Alle Produkte sind mit Extraglaze Antibacterial-Glasur veredelt, eine mit Silber-und Titan-Ionen angereicherte Glasur, die das Bakterienaufkommen um 99,99% reduziert.
