Winner

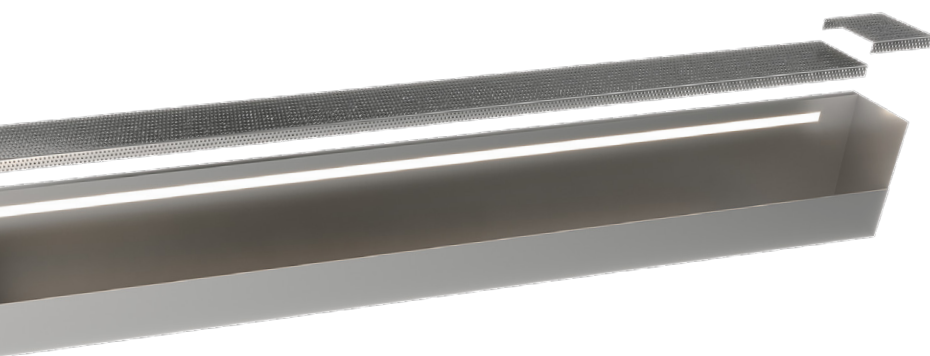

Why will you love NIX?

- Made of high-quality **stainless steel** – resistant to water, corrosion, and limescale buildup
- Elegant and minimalist style – fits in with modern bathrooms
- Easy installation – suitable for bathtubs and showers
- Hygienic and easy to clean – no stains, no mold
- **Patented pattern** – original design that won't become a common imitation

Removable stainless steel grate

Complete access to the interior of the pocket – after removing the grate, the entire interior surface can be rinsed with water.

Premium material

High-quality **stainless steel**, resistant to moisture and corrosion. Elegant, smooth surface – minimal chance of dirt accumulation.

Who is NIX ideal for?

- For anyone who appreciates discreet, high-quality, and durable accessories
- For owners of timeless bathrooms and modern interiors
- For hotels, wellness centers, or designer spaces - where appearance and functionality matter

Integrated LED lighting

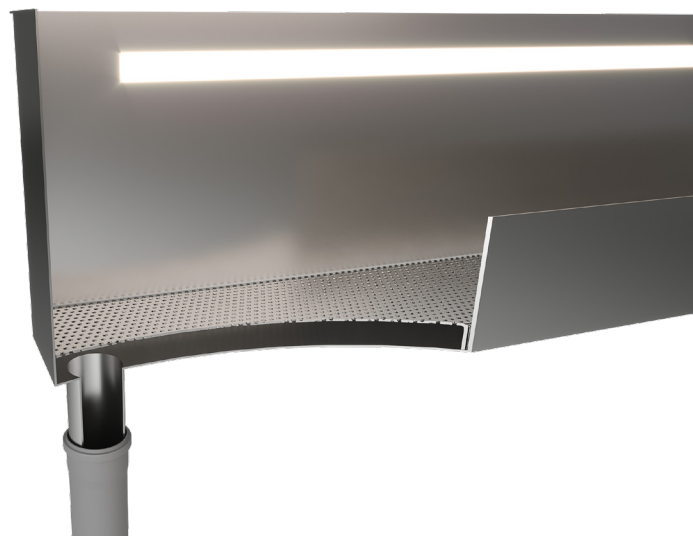

Low profile, high functionality – the lighting is integrated and unobtrusive, incorporated so that it does not interfere with cleaning.

The result is an elegant illumination and highlighting of the storage space.

Drainage of the pocket directly into the waste pipe

Thanks to our innovative system with **direct drainage of the pocket into the waste pipe**, water never stays where it could cause problems such as moisture or mold. The entire space remains dry, clean, and easy to maintain.

Patent protected

The product is protected by a trademark, confirming its uniqueness on the market. This registration ensures that the design, name, and specific features of the pocket are legally protected against unauthorized use or imitation. Customers can therefore be sure that they are investing in a unique, high-quality product with a guarantee of originality and long life.
