SAPHO BATHROOMS

Comprehensive solutions (not only)
for B2B clients

Sapho bathrooms are a symbol of the more than 33-year tradition of the Czech production and distribution group UBC Ltd., which is one of the major Czech suppliers of bathroom equipment.

Our company provides comprehensive solutions for bathroom fittings and our products are well known not only in the Czech Republic, but also on the European market.

The UBC Group employs over 180 people and operates its own production plants SAPHO MANUFACTORY Ltd. and POLYSAN Ltd., as well as a modern logistics center UBC Ltd. in Ovcary near Kolin with an area exceeding 30,000 m². This center serves as a key hub for the distribution of a wide range of products. The Group's main brands include SAPHO, POLYSAN, BRUCKNER and AQUALINE, while it also represents the renowned foreign brands GSI Ceramica, Kerasan, Isvea and Gedy in selected markets.

MODERN CENTRAL WAREHOUSE |

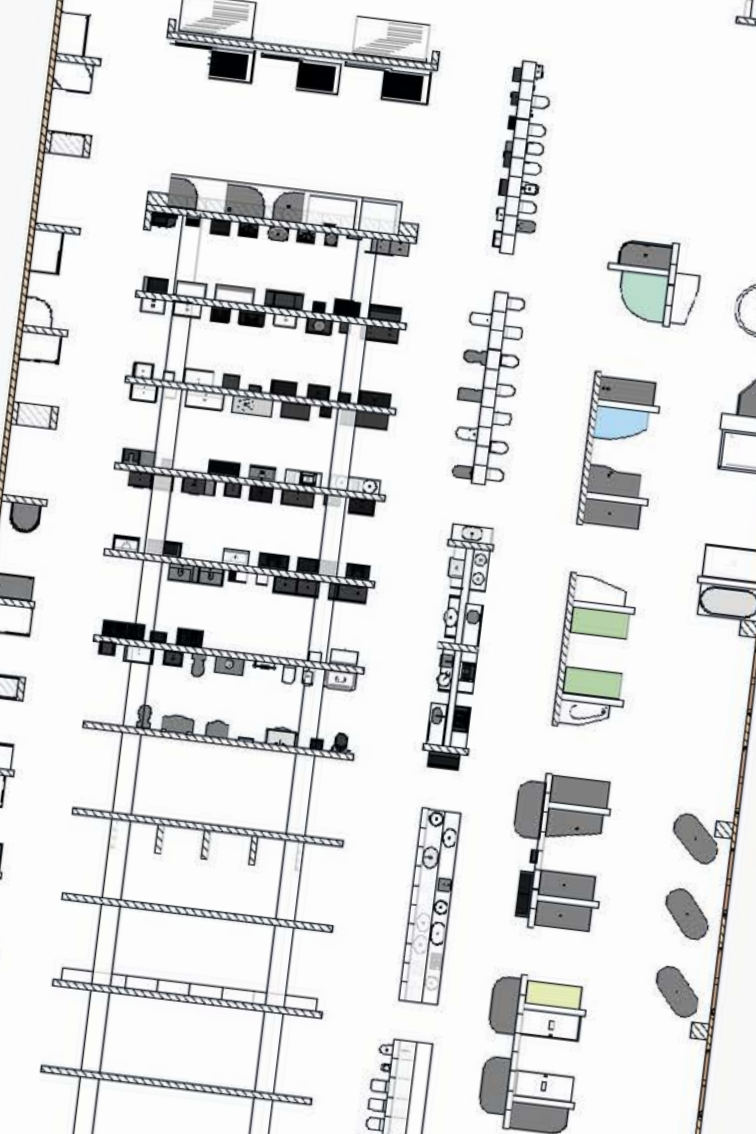

B2B SHOWROOM OVCARY

Inspirational space for your projects

The modern B2B showroom with an area of nearly 1,200 m² represents a unique space that has no equal in Europe. Located in the logistics centre in Ovcary near Kolin, it serves as an inspirational place for retailers, developers, designers and bathroom furnishing specialists.

The showroom provides an overview of products and brands for bathrooms that meet the highest standards of quality and aesthetics. The functional spa area with its whirlpool baths and steam sauna offers a real relaxation experience.

Every detail of the showroom is designed with the needs of professionals in mind, allowing them to find the ideal environment for researching, creating designs and selecting products for specific projects.

OEM

Tailored solution for your brand

We offer comprehensive OEM services in the field of bathroom equipment, which allow customers to offer products under their own brand without the need to invest in development, production or logistics. We use years of know-how and modern technology to provide quality products that meet the requirements for design, functionality and reliability.

Flexibility and individual approach are key. We oversee the entire process from the beginning to the final implementation. The background of a strong production and distribution group results in competitive products that appeal to customers on the local and global market.

SAPHO

Czech brand of bathroom equipment

Since 1991, **SAPHO** has been providing solutions for bathrooms in medium and higher price ranges with an emphasis on design, quality and value. With years of experience and a close eye on trends, the brand meets the needs of professional designers, developers and end customers.

SAPHO's portfolio includes a wide range of products for the bathroom - from mixer taps, bathroom furniture and accessories to tiles, heating elements and sanitary ceramics. All products are united by the emphasis on aesthetics and functionality, which makes them the ideal choice for both modern and traditional projects.
