# BLACK is the new chrom

Those that keep up with the latest interior design trends know that black absolutely belongs in the contemporary modern bathroom.

Dark colors may not be commonly associated with this setting, but when combined and positioned correctly, they can produce remarkable, luxurious and highly elegant results. Black brings a special, dramatic charm to the bathroom that creates the perfect atmosphere for relaxation.

At the same time, it is also a great unifying element, as black accessories give the interior a sense of depth and connect the entire space visually.

It's a color that never goes out of style, exudes sophistication, and creates perfect contrasts. It is no wonder that its current popularity exceeds the conventional chrome.

The darkest of all colors can look great in any space, depending only on the extent to which it is used. That's why we've created this catalog to help you navigate our product range in attractive black colors and find the best solution for your bathroom.

## ČERNÁ je nový chrom

Kdo chce držet krok s aktuálními trendy, ví, že černá barva do současné moderní koupelny rozhodně patří. Ačkoliv se na první pohled může tvářit poněkud temně, když se správně zkombinuje a umístí, lze s ní dosáhnout nevšedních, luxusních a velmi elegantních výsledků.

Černá vnáší do koupelny zvláštní dramatické kouzlo, které dotváří perfektní atmosféru pro relaxaci. Zároveň je to i výborný jednotící prvek, například černé doplňky dodají interiéru pocit hloubky a celý prostor opticky propojí. Je to barva, která nikdy nevyjde z módy, má styl a tvoří dokonalé kontrasty. Nelze se tak divit, že její popularita již převyšuje i dosud tolik využívaný chrom.

Nejtemnější ze všech barev vypadá skvěle v jakémkoliv prostoru, záleží pouze na vhodné míře, ve které je využita. I proto jsme pro vás vytvořili tento katalog, který vám má pomoci lépe se zorientovat v nabídce produktů v atraktivních černých odstínech a najít tak to nejlepší řešení pro vaši koupelnu.
