Technical drawing of a rectangular structure, likely a container or tray, showing dimensions and internal layout. The overall dimensions are 400 (width) and 1400 (height). The structure is divided into a 4x6 grid of cells. The width of each cell is 180, and the height of each cell is 170. The total width of the grid is 720 (4 cells x 180), and the total height is 1020 (6 cells x 170). The drawing includes a top view and a side view, showing the internal structure and the thickness of the walls. The side view shows a total height of 1400, with a 30-unit gap between the top and bottom sections. The top view shows a 400-unit width, with a 20-unit gap between the left and right sections. The drawing is labeled with dimensions in millimeters.
