Technical drawing of the base plate (Fig. 1) showing dimensions and components. The drawing includes a top view and a side view. The top view shows a rectangular plate with a width of 250 mm and a height of 85 mm. Two hexagonal holes are located on the top surface, labeled '1' and '6'. The distance between the centers of these holes is 85 mm. The side view shows the plate's thickness of 2 mm and its total height of 95 mm. A vertical dimension of 76 mm is also indicated. The plate is supported by four legs, each with a threaded rod and a nut. A component labeled '2' is shown on the top surface, and a component labeled '3' is shown on the side.

The technical drawing illustrates a cable tray assembly with the following details:

- Top View (Left):** Shows a rectangular tray with a width of 125. Inside, two square components are spaced 70 units apart. A red arrow labeled "Teplá" (Hot) points down, and a black arrow labeled "F1/2" points up. A blue arrow labeled "Studená" (Cold) points up, and a black arrow labeled "F1/2" points down. A dimension of 260 is shown for the distance from the right edge of the tray to the center of the right square component.
- Side View (Right):** Shows the profile of the tray with a height of 115. It features a cable tray with a serrated edge and two cables running parallel to it.
